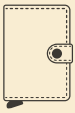
FUNCTION 01

THE MECHANISM

Every Secrid wallet has our Cardprotector at its core. The Cardprotector's mechanism securely holds up to 6 cards and releases them with a simple push.

› ***Designed for years of daily use.***



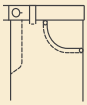
THE ORIGINAL

In 2009 our Cardprotector changed the wallet industry for ever. Thanks to our patents and high-quality standards, none of the 1,500 copycats come close to the Original.

› ***Our Cardprotector, won a Red Dot Design Award, the most prestigious product design award.***

RFID SAFE, BUILT TO PROTECT

Shields your cards from bending, breaking, and unwanted wireless scans.



POCKETSIZED

Compact design.
Slides effortlessly into any pocket or purse.

BRAND 02

SECRID

Secrid is a family business. Our wallets have been made in the Netherlands since 1995. We are a B Corp-certified company that cares for people and the environment.

MADE IN EUROPE

We source high quality materials from selected European partners and produce in the Netherlands. Our leather is chosen for quality and its high standards of labour and environmental responsibility.

PRICING

Secrid's prices reflect an honest, responsible supply chain. Our Premium+ models are valued higher. They feature high-quality leather refined in Italy, a new patented auto-lock mechanism that also holds metal cards and a high-gloss metal lever.

BUILT TO LAST 03

WARRANTY

Register your wallet at register.secrid.com for extended warranty cover. If anything's ever goes wrong with your product, we'll fix it.

Premium+: We offer a standard 5-year global warranty, extended to 7 years upon registration.

Core collection: We offer a standard 2-year global warranty, extended to 3 years upon registration.

EXCELLENT SERVICE

Secrid believes in its products and in repairing rather than replacing. Offer your customers valuable service by becoming a Secrid Care & Repair point.
